THE DRUIDS DEN

GUEST GUIDE

High-water warning

If an alarm sounds from the utility room, follow these steps.

1 Silence the alarm

Find the alarm mounted on the wall in the **utility room, beneath the NTI boilers**. Press the button labeled **SILENCE** to stop the sound.

BUTTON TO PRESS — **SILENCE**

2 Notify your hosts immediately

As soon as the alarm has been silenced, **contact your hosts** and let them know the alarm sounded so they can take action.

PLEASE REPORT EVERY ALARM

Notify your hosts even if the alarm stays quiet after you press **SILENCE**.
